

Manager Health, Safety, Environment and Community

Would you like to be part of a mine expansion that is powering the global energy revolution?

Do you want a residential lifestyle?

Talison Lithium's Greenbushes Operation, a residential mine with the world's highest grade hard rock lithium resource located in the south-west of Western Australia, is a leading global producer of lithium mineral concentrates.

We are looking for an enthusiastic, proactive and experienced Manager to join our team reporting directly to our General Manager – Operations. The successful applicant will oversee and manage the Workplace Health & Safety, Environment and Community engagement teams. This position is the most senior occupational health safety and environmental professional in the Company and is responsible for ensuring compliance with Workplace Health Safety, Environmental and Community (**WHSE&C**) requirements.

To be successful in this role, you will have the following skills, experience and attributes:

- Tertiary degree qualification in at least one discipline related to the role;
- substantial relevant experience (10 – 15 years) in safety and environmental management and community engagement with proven management skills;
- effective people management skills;
- highly developed understanding of risk management;
- proven ability in monitoring and reporting WHSE&C performance;
- highly developed understanding of WHSE management systems;
- highly developed interpersonal and communication skills; and
- high level of computer literacy and analytical skills.

Key responsibilities for this role include:

- to initiate, develop and implement Company policies, strategies, and programs for WHSE&C issues, which contribute to the well-being of all employees, the environment & local communities;
- monitoring of legislative standards;
- co-ordinate and obtain all required WHSE&C approvals in a timely manner;
- liaison with Government departments and agencies, the community and other agencies;
- development of strategies for monitoring and the provision of advice to management;
- co-ordination of studies and research into WHSE&C programs and projects; and
- representation of the Company in WHSE&C matters.

How to Apply

Forward your application to jobs@talisonlithium.com including a covering letter, resume, copies of qualifications and contact details of referees by 1 February 2019.

For further information, please contact Talison Human Resources on (08) 9782 5700.

This is a Monday to Friday role with a competitive salary and other benefits which will be negotiated with the successful applicant. You will be required to live in the Greenbushes townsite. This is a residential position and accommodation will be available.
