

Medium Term Mine Planning Engineer

Do you want to be part of an exciting mine expansion that is powering the global energy revolution?

Are you looking for a rewarding career that offers the opportunity to live and work in our picturesque south-west?

Talisson Lithium, owner of the world's highest ore grade hard rock lithium resource, is recruiting now to meet production requirements as part of a \$500M + expansion project.

The Greenbushes Mine is a well-established mining and processing operation incorporating three open pits and two processing plants. As part of a plan to more than double production from Greenbushes, Talisson Lithium is constructing a new state of the art processing facility (due to come on line in the second quarter of 2019) with plans in place for a further processing plant to come on line in 2020.

Reporting to the Mine Planning Superintendent, an opportunity exists for a suitably qualified Medium Term Mine Planning Engineer to join our energetic and multi-disciplined Mining team. As a key member of this group you will play a central role in the projects of this expanding long life operation. This is a hands-on role covering a variety of tasks. This challenging position will suit an experienced operations Planning Engineer.

Responsibilities

- Compilation of 3 – 24 month mine plans;
- Assist with mine feasibility and optimisation studies;
- Assist with completion of Mineral Resource and Ore Reserve statements;
- Reconcile production performance;
- Maintain cutback pit designs and staged dump designs; and
- Deputise and assist the Mine Planning Superintendent.

Essential Criteria

- Strong safety focus;
- Tertiary qualification in a mining related discipline;
- At least 5 years mining experience;
- Proven ability in planning and project management;
- Strong capital budget preparation and analysis skills;
- Understanding of geotechnical design and civil projects;
- High level of computer literacy; and
- Excellent verbal, written and technical skills.

Desirable Criteria

- Mining Engineering degree;
- Contract management including preparation of tenders;
- Quarry Manager's certificate; and
- A practical and well organised approach to varying demands.

How to Apply

Please forward your application to jobs@talisonlithium.com including a covering letter, CV, copies of any qualifications and referees.

This is a residential position on a Monday to Friday roster with public holidays. You are required to relocate and live within an hour travelling distance of the Greenbushes mine site. A competitive salary and other benefits will be negotiated with the successful applicant.

Applications close 26 April 2019.
